LOT 328 - Beautiful Large African Lioness Top Quality Full Body Taxidermy Mount
****TEXAS RESIDENTS ONLY!****

Description

I believe this is the best quality Lioness mount we have seen in over 42 years of selling taxidermy. Unfortunately she does not have a base but this can be taken care of later. This Lion is in mint-like condition. It is very lifelike with good expression and a natural walking pose. She is not scared up for being a Wild Lion and she is about 40 to 50 lbs larger than average size. The taxidermy is simply outstanding with a grade 10+ in quality.
